Feldhauser School Notes

Our P. T. A. group held the first meeting of the year on Tuesday evening, October 15th. Officers for the year were elected as follows: President, Mrs. Norman Stephan; vice president, Mrs. Don Feldhauser; secretary and treasurer, Mrs. Wellman Vallad. Refreshments of cider and donuts were served by Mrs. William Wyss and Mrs. Jack Pettijohn. We have several beautiful geraniums in our room. They are in colorful new pots and were given to us by Mr. Edward Myers. Baseball is the game we are most interested in so far this year. Even the girls help out in

our games. We have thirty-three good books from the county library which we are enjoying.

Sharon Lary is a new pupil in our 4th grade. She comes from Phoenix, Arizona. She and her parents now live near M-72 in our neighborhood.

Our room is decorated with witches, black cats and other Halloween reminders. We are planning a party for our mothers on that day.

On Monday Mrs. Gorman gave us the patch test for TB. She came on Friday to see about them. We are all ok. Nobody had a positive test.

Several people have the flu now. Lee Vallad, reporter.

Senior News

The Senior Prom is now over. There wasn't a large crowd, due to the flu epidemic, but everyone there seemed to have a good time. The gym was decorated with light and dark blue crepe paper, as our theme was Rhapsody in Blue. There were silver stars hanging down from the blue ceiling and the sides of the gym were set off into booths, with tables in each one. The sides of the booths were decorated with blue crepe paper and silver notes. He didn't get to carry out all of our decorating plans for most of the seniors were home sick, but the gym did look very pretty. We were well pleased with the music of the Hi Fies from Standish and everyone enjoyed dancing to it. We would like to thank everyone who went to the prom.

Entertainment during the intermission was provided by Bobby Jorgenson's singing. He was accompanied by Karen Hanson. Miss Judy Larson played a solo number on the piano also.

Credit System
Our Class has adopted a new credit system. We have decided that each senior would have to have five credits in order to go on the senior trip. These credits may be obtained by working on any committee or money making project. We feel that this will get us to work just a little harder.

Senior Pictures
Our pictures have been taken and we sent our orders in last Monday, October 14. Mr. Parsons said that they would arrive around the first of December.

Judy Larson,
Senior Class Reporter.

L. N. League

The Ladies National League held their social party Wednesday evening at the home of Mrs. Rudolph Feldhauser. Co-hostesses were Mrs. Harold Hatfield, Sr., and Mrs. Clayton Strachly.

Pinochle and bunco were the sources of entertainment with five tables of pinochle and one of bunco.

The high scores for pinochle went to Mrs. Erwin Wales and Bill Herie. The low score to Mrs. Paul Feldhauser and Bill Christenson. Bunco prizes were won by Mrs. Frank Scott and Mrs. Frank Serven. The penny prize was won by Mrs. Marge Leslie.

The refreshment committee who served the lunch was Mrs. Wales, Mrs. Scott, Mrs. Floyd Taylor and Mrs. Barton Wakeley.

"INDIAN SUMMER PICNIC"

Family get-togethers usually include eating. The smell and taste of home-cooked food remains long after the event is forgotten. This is especially true of a picnic which takes place during unusual weather conditions... such as... Indian Summer.

Jim Bourrie

The beautiful colors of Fall should be enjoyed by the whole family. A leisurely ride down an old-fashioned country road and a family hike might give the head of the family more satisfaction than is thought possible.

There are many foods suitable for outings of this sort.

It sounds so good that I'm going to get a party going myself. This Indian Summer weather can do things for Fall appetites.

Security - Is It Good? . . .

The schools are in session again throughout the country. This in itself may give special interest to a talk which Samuel B. Pettengill, a former Congressman and a well-known writer on public affairs, made some time ago before the Cum Laude Society of the Vermont Academy.

Mr. Pettengill's theme is that the essence of life is struggle. He takes a dim view of that commonly-held attitude which causes parents to try to make life easier for their offspring than it was for them. And he takes the dimmest possible view of what is generally known as the welfare state, with all the expensive buffers it attempts to place between people and adversity. He says: "In recent years, society has gone 'nuts' on the pusillanimous cult of 'security,' guaranteed by government; in short, a nation of parasites. The illusion of the age is that people can vote themselves rich. It is a superstition that 'social security' depends on the promises of politicians, not on the character, competence and courage of men. It is a fable and a fraud that the output of society can be greater than the input of individuals."

Going on from this, Mr. Pettengill feels it is woefully wrong when, for example, labor unions say, in effect, to their members, "Take it easy. Do no more than enough to stay on the payroll." And he is deeply concerned over the fact that young people, in applying for their first jobs, often ask such questions as these: "When will I begin to draw a pension? How many coffee breaks in a day? How many paid holidays? If I worked more than 40 hours . . . do I get time-and-a-half?"

Mr. Pettengill cites the point of view of a number of

distinguished men who exalted struggle above almost everything else. One is Emmanuel Lasker, for many years world champion at the most difficult of all games, chess. Lasker, who had shown brilliance as a mathematician and philosopher, was asked why he had given so much of his life to this game. He answered: "The chessboard is a symbol of life — of all life. The essence of life is struggle. Take struggle out of chess, or out of life, and what is left? In chess I have found happiness." Mr. Pettengill's own advice to parents follows from this: "Don't take struggle out of your children's lives."

A famous American is also quoted—President Theodore Roosevelt. His philosophy was described in these words: "I wish to preach not the doctrine of ignoble ease, but the doctrine of the strenuous life." And his wish for himself was: "Let me wear out, not rust out." His appeal was always to the strong side of men—never to the soft and the weak.

To quote Mr. Pettengill once more: "Avoid struggle and life becomes sterile, vapid and meaningless. Our mental hospitals are being filled with thousands of neurotics, many of whom feel inadequate to meet life because they were protected from taking the bumps in childhood." He ends his talk with a verse from a poem of the frontier:

"I dream no dream of a nursemaid state
That spoons me out my food.
"No, the stout heart sings in its strife with fate,
"For the toil and the sweat are good."

With the dissolution of the Ausable Furs, Inc., the members reorganized under the name of the Grayling Game Club, Inc. The plan of the new organization is for the feeding and propagation of wild game, such as deer, small game, game birds, and brook trout. There are 160 acres in the club property and it is one of the best game covers in Michigan. It borders the east side of the Military reservation on the west and trunk line highway US-27 on the north. Within its confines are two small lakes well stocked with brook trout and bass. These are commonly known as the Simpson Lakes. Officers and directors of the club are W. H. Hines, president, J. H. Cooper, vice-president, R. A. Wright, secretary. The above officers together with the following form the board of directors: J. C. Van Horne, O. A. Jennison.

Effectiveness of the 1958 Chevrolet styling is shown by this front view of the Impalas, luxury models in the Bol Air series. The gull-wing sweep at the rear is a perfect complement for the sleek, flowing lines that begin with the fine-grained concave ribs of the grille. In addition to complete body redesign, the latest Chevrolet offers such features as Level Air suspension or all-round coil spring suspension, a more rigid frame and body and an unusual new V8 engine. Impalas top an offering of 17 models.

On Sunday, November 3rd, St. Francis' Episcopal Mission will observe its first anniversary. The occasion will be celebrated by a service of Holy Communion, the institution of the Vicar, The Reverend Colin Campbell, Jr., and a buffet supper for members and friends of the parish at the home of Mr. and Mrs. Carl W. Johnson, Park Street, immediately following the service.

The Reverend Sidney Rood of All Saints, Houghton Lake, will be celebrant for Holy Communion and have the sermon on Sunday. He will also officiate at the rites of installing Colin Campbell, Jr., as Vicar of St. Francis' Episcopal Mission.

The Episcopal Church in Grayling has shown steady growth throughout its first year and plans for the future show as much progress for the year ahead.

Grayling Seniors Attend Annual Government Day

The Sixth Annual Government Day was held at Gerrish-Higgins High School in Roscommon on Monday, October 28. Seniors from Grayling, Roscommon, Houghton Lake, Frederic, Fairview and Mio schools attended. The program opened with a coffee hour for State and resource people. Afterwards, everyone gathered in the gymnasium, with resource people forming a panel on one side of the room, and the student body seated before them. The address of welcome was given by Student Council President Dana Ogren of Gerrish-Higgins High School. Short talks by students followed, and then came questioning of the panel by anyone in the student group so desiring. After luncheon the discussion leaders, recorders and resource people met in small groups according to their various departments. The departments into which the program was divided were Conservation, Education, Roads and Highways, Laws and Courts, Recreation and Tourist Trade, Problems of Our Local Governments, and Health and Welfare.

Russell Carlson, City Manager of Grayling, Bruce Carlson, Superintendent of the Crawford County Road Commission, and UHarely Russell, Crawford County Road Commission Secretary, were among the resource people in the Roads and Highways Department. Mrs. Robert Noelle, Crawford County Probate Judge, appeared with the Laws and Courts group. Mrs. Maurice Gorman, County Nurse, Mrs. Matt

Bidvig, and Mrs. Adolph Peterson, Supervisor of the Crawford County Bureau of Welfare, were among those in the Health and Welfare group. Chamber of Commerce Secretary Manager Robert Hayes appeared with the Recreation and Tourist Trade people. Dr. Louis Hayes of Grayling was also with Health and Welfare.

Of the students, Richard Moore was discussion leader and Georgia Lucksted, the recorder in the Roads and Highways group meeting. Marjorie Wolf was discussion leader and Connie Millikin, recorder with the Health and Welfare group.

order with the Health and Welfare group.

Following a second general session in the gymnasium, closing remarks were given by D. Hale Brake, President of the Michigan Institute for Legal Government, and former State Treasurer thus ending another informative Government Day for high school seniors.
